

# S and SBL Series

## SINGLE PHASE HOPPER LOADER

From 1.5 to 10 litres for granules

S and SBL series, single phase hopper loaders incorporate the vacuum blower with a conveying capacity up to 200 kg/h and 20 m distance.

S series loaders are equipped with a keypad with microprocessor for:

- Ease of use
- Full automation
- Self monitoring.

The display, keyboard and MODBUS/RS485 grant a simple and quick access to all the functions.

S and SBL series has a natural long lifespan thanks to:

- high quality material, such as stainless steel
- soft start technologies
- brush-less motors available on request (SBL Series)

Plug & Play installation

Easy to clean

Long lasting
